

DISCOVERY ELEMENTARY

Mike Dudley, Principal

April 11, 2014

To Whom It May Concern:

I have had the opportunity to work with Laura Geis during the 2013 - 2014 school year at Discovery Elementary. She displayed an outstanding dedication in fulfilling her student teaching responsibilities. Laura provides students with opportunities to achieve at their highest level of success by integrating technology, continually asking higher level thinking, and providing creative lesson activities.

Laura creates an atmosphere of enthusiasm, direction, and opportunity where students feel safe and comfortable. She is eager to learn and willing to share ideas with staff and students. Laura is continually integrating new ideas, with the use of technology, to improve student's learning.

I have enjoyed working with Laura and seeing her grow as an educator. She displays a high level of respect for those whom she works with. Laura is an outstanding team player and is proactive in all she does. If you have any questions regarding Laura, please give me a call at Discovery Elementary 855-4090 or home 859-9337.

Respectfully,
